

**Joint workshop meeting**  
**ACTIVE AND PASSIVE SEISMICS IN LATERALLY**  
**INHOMOGENEOUS MEDIA II**  
**and**  
**19th INTERNATIONAL WORKSHOP ON SEISMIC**  
**ANISOTROPY**

**Želiv Premonstratensian Monastery**  
**Czech Republic**  
**June 15-20, 2020**

## **SECOND CIRCULAR**

The Consortium "[Seismic Waves in Complex 3-D Structures](#)", Charles University in Prague, together with [Seismik s.r.o.](#) and Moser Geophysical Services organize a joint workshop "ACTIVE AND PASSIVE SEISMICS IN LATERALLY INHOMOGENEOUS MEDIA II" and "19th INTERNATIONAL WORKSHOP ON SEISMIC ANISOTROPY" to be held on June 15-20, 2020, at [Želiv Premonstratensian Monastery](#) in the Czech Republic. The workshop follows the 82nd Annual Meeting of EAGE in Amsterdam, 8 - 11 June 2020.

### **LOCATION AND ACCOMMODATION**

The workshop will be held at the [Želiv Monastery Hotel](#). The Monastery is located about 90 km to the south-east of Prague. The accommodation will be provided mostly in single rooms with private bathroom. Food will be served in the Monastery Restaurant.

### **REGISTRATION**

Those interested in participation in the workshop are kindly requested to fill in the [online registration form](#). The accommodation capacity of the Želiv Premonstratensian Monastery is limited, therefore sooner applications have a greater chance to be accepted.

### **CONFERENCE FEE**

The fee for a participant will be **EUR 650** if received in full before February 15, 2020, **EUR 750** afterwards. The fee includes registration fee, full board and accommodation for 5 days in the Monastery (Monday 15th dinner to Saturday 20th breakfast), social activities and conference materials. For an accompanying person, the same fee will apply. Several partial grants to support the participation of students are available, please contact the organizers.

### **TRANSPORTATION**

Bus transportation between Prague and the Želiv Monastery will be provided on Monday afternoon, June 15, 2020; and Saturday morning, June 20, 2020. Detailed information will be available in the 3rd circular.

## PRESENTATION OF CONTRIBUTIONS

Oral presentations should be in English; no simultaneous translation will be provided. The oral presentation should not be longer than 20 minutes, 5 minutes after it are reserved for a discussion. One PC screen projector will be available. As announced in the first circular, in addition to the sessions with oral presentations, a poster session will be organized. The posters should be prepared in English. Detailed information about the size of the posters will be available in the 3rd circular.

## ABSTRACTS

Participants are kindly asked to send a one- or two-page abstract of their contribution to the contact e-mail given below by **April 1, 2020**. PDF or PostScript file format is preferred. The title should be typed centered in the boldface capital letters. On the next line, author(s)' names, with the speaker's name underlined, should be typed. 10 pt fonts are recommended.

## PUBLICATION OF MATERIALS FROM THE WORKSHOP

Papers presented at the workshop will be published in a Special Issue in an internationally established journal. We propose to publish in the journal [Studia Geophysica et Geodaetica](#) (5-year IF: 1.116 in 2018). The selection of the journal for proceedings will be agreed during the Workshop. The reviewing process will be the same as for regular papers, i.e., each contribution will be reviewed by two reviewers. Papers requiring further modifications after the second round of reviewing will not be included in the special issue. The deadline for submitting papers will be also agreed during the Workshop.

## SOCIAL PROGRAMME

A tour of the Monastery, a concert in the Monastery Church, a tour of Monastery Brewery, a half-day tour to the surrounding of the Monastery (probably the UNESCO town Telč), barbecue garden party and other activities are planned.

## ACCOMPANYING PERSONS PROGRAMME

If there is sufficient interest, we may organize a programme for accompanying persons. Please let us know if you are interested in the programme. More details will be given in the 3rd circular.

Any request for additional information should be sent to the following address:

*Petr Bulant*  
*Department of Geophysics*  
*Faculty of Mathematics and Physics*  
*Ke Karlovu 3*  
*121 16 Praha 2*  
*Czech Republic*  
*E-mail: [bulant@seis.karlov.mff.cuni.cz](mailto:bulant@seis.karlov.mff.cuni.cz)*

## Organizing Committee

Petr Bulant, Leo Eisner, Tijmen Jan Moser

## Advisory Committee

Tariq Alkhalifah, Andrej Bona, Roger Borchardt, Chris Chapman, Vlastislav Červený, Anton Duchkov, Einar Iversen, Zvi Koren, Ivan Pšenčík, Igor Ravve, Serge Shapiro, Alexey Stovas, Leon Thomsen, Ilya Tsvankin, Bjørn Ursin, Andreas Wuestefeld

---

We are grateful to the European Association of Geoscientists & Engineers and the International Association of Seismology and Physics of the Earth's Interior for their help in advertizing the event.
